**UNOPPOSED MOTION OF SAP AMERICA, INC. AND SAP AG TO USE ADDITIONAL  
ELECTRONIC EQUIPMENT IN THE COURTROOM DURING CLOSING ARGUMENT**

---

Defendants SAP America, Inc. and SAP AG (jointly, “SAP”) respectfully move the Court to permit SAP to use additional electronic equipment in the courtroom during closing argument. SAP has conferred with opposing counsel, and this motion is unopposed.

SAP has learned that the two flat-screen televisions currently located in Courtroom 15A are only capable of displaying videos and images that are simultaneously projected throughout all other monitors in the courtroom. SAP has been informed that neither television is wired to display standalone videos or images. SAP wishes to display standalone images during its closing argument.

Accordingly, SAP has coordinated with an outside vendor for delivery of an additional flat-screen television to Courtroom 15A in advance of its closing argument and is prepared to use said additional flat-screen television provided that the Court grant the present motion.

Respectfully submitted,
